

Priyanshu Mudgal

Greater Noida, India

8882672793 — mudgal.priyanshu15@gmail.com — Portfolio — LinkedIn — GitHub

Summary

Frontend Developer experienced in building responsive web applications using **React.js**, **JavaScript**, and **Adobe Experience Manager (AEM EDS)**. Contributed to enterprise projects including **Godrej Capital rebranding** and **ICICI Direct frontend migration**. Skilled in UI performance optimization, debugging rendering issues, and scalable interface development.

Technical Skills

Languages: JavaScript, Python

Frontend: HTML5, CSS3, React.js, Responsive Design, AEM EDS

Tools: Git, GitHub, VS Code, Chrome DevTools

Testing: UI Testing, Manual Testing, Performance Debugging

Core Concepts: Data Structures, Algorithms, Operating Systems, DBMS

Experience

AEM UI (Frontend Developer) — Techchefz Digital Pvt Ltd

Dec 2025 – Mar 2026

- Built UI components and pages using **AEM EDS**.
- Contributed to **Godrej Capital website rebranding** built on Adobe Experience Manager.
- Assisted in migrating frontend architecture of **ICICI Direct** platform to AEM EDS.
- Implemented responsive UI and optimized page structure for improved performance.
- **Certificate:** Techchefz Internship

Software Developer Intern — ATAGS (Vets and Care)

May 2025 – Oct 2025

- Developed and optimized **React.js admin dashboards**.
- Fixed layout shifts and rendering issues improving Core Web Vitals.
- Conducted cross-device UI testing on Android and iOS.
- Collaborated with engineering teams for release validation.
- **Certificate:** ATAGS Internship

Projects

Parkinson's Disease Prediction System

Dec 2024 – Mar 2025

- Built ML model detecting Parkinson's disease with **87% accuracy**.
- Developed Streamlit interface for real-time prediction.
- **Tech:** Python, KNN, TensorFlow, Streamlit
- **Repo:** GitHub

Crypto Hunt — Crypto Tracking Web App

Mar 2023 – Apr 2023

- Developed web app to track real-time cryptocurrency prices.
- Integrated graphical visualization for market trends.
- **Tech:** React.js, HTML, CSS

Education

B.Tech – Computer Science (AI & ML)

GL Bajaj Institute of Technology & Management

2022 – 2025

Diploma – Computer Science

Government Polytechnic Mawana

2019 – 2022

Achievements

- Achieved **87% accuracy** in Parkinson's prediction model.
- Built production-level admin dashboard used by real users.
- Contributed to enterprise web projects including **Godrej Capital** and **ICICI Direct**.
